Annual Shariah Report

For the period ended June 30, 2025

Alhamd Shariah Advisory Services (Pvt.) Limited was appointed to ensure Aziz Tabba Foundation's practices align with Shariah principles and adhere to the regulatory guidelines.

In line with this mandate, we conducted an in-depth Shariah review for Aziz Tabba Foundation (ATF) for the financial year 2024-2025, following our engagement as Shariah advisors.

During this engagement, our team has undertaken the following actions:

1. Reviewed filled Zakat Assessment & Wakalah forms at different intervals during the year, and regularly shared reports with the management containing our observations and recommendations.
2. Reviewed ATF's utilization of Zakat funds, confirming that the funds were used strictly under the Zakat-eligible expense heads defined by the Shariah Advisor.
3. Examined ATF's investment activities and confirmed that the investments were made in accordance with Shariah principles.

Conclusion:

Based on our review and actions taken, we confirm that ATF's Zakat collection, utilization and investment practices for the year 2024-2025 comply with Shariah guidelines.
